## Top Tips for top candidates!

Written by Cambridge ESOL examiners with many years' experience of setting and marking Top Tips for PET, FCE and CAE provide candidates with essential advice (tips!) for each part of the exam. Students can work through the book and then practise what they have learned by trying the real exam on the accompanying CD-ROM. There are answers (and sample answers for the Writing test) at the end of the exam so that students can check their performance. The CD-ROM also includes video of real students taking the Speaking test. See before you buy! Download samples (Top Tips for PET, Top Tips for FCE, Top Tips for CAE) and find out where you can buy them in your city.
